INTERNATIONAL SCIENTIFIC AND PRACTICAL CONFERENCE

INNOVATIVE SCIENCE AND SUSTAINABLE DEVELOPMENT: THEORETICAL APPROACHES AND PRACTICAL SOLUTIONS

London, Tashkent
March 13, 2026

https://academscience.com

Dear professors, researchers, independent scholars, doctoral candidates, master’s students, and students!

You are invited to participate in the International Scientific and Practical Conference titled “Innovative Science and Sustainable Development: Theoretical Approaches and Practical Solutions,” dedicated to discussing the current issues of modern scientific development, innovative research, and sustainable development, which will be held on **March 13, 2026**.

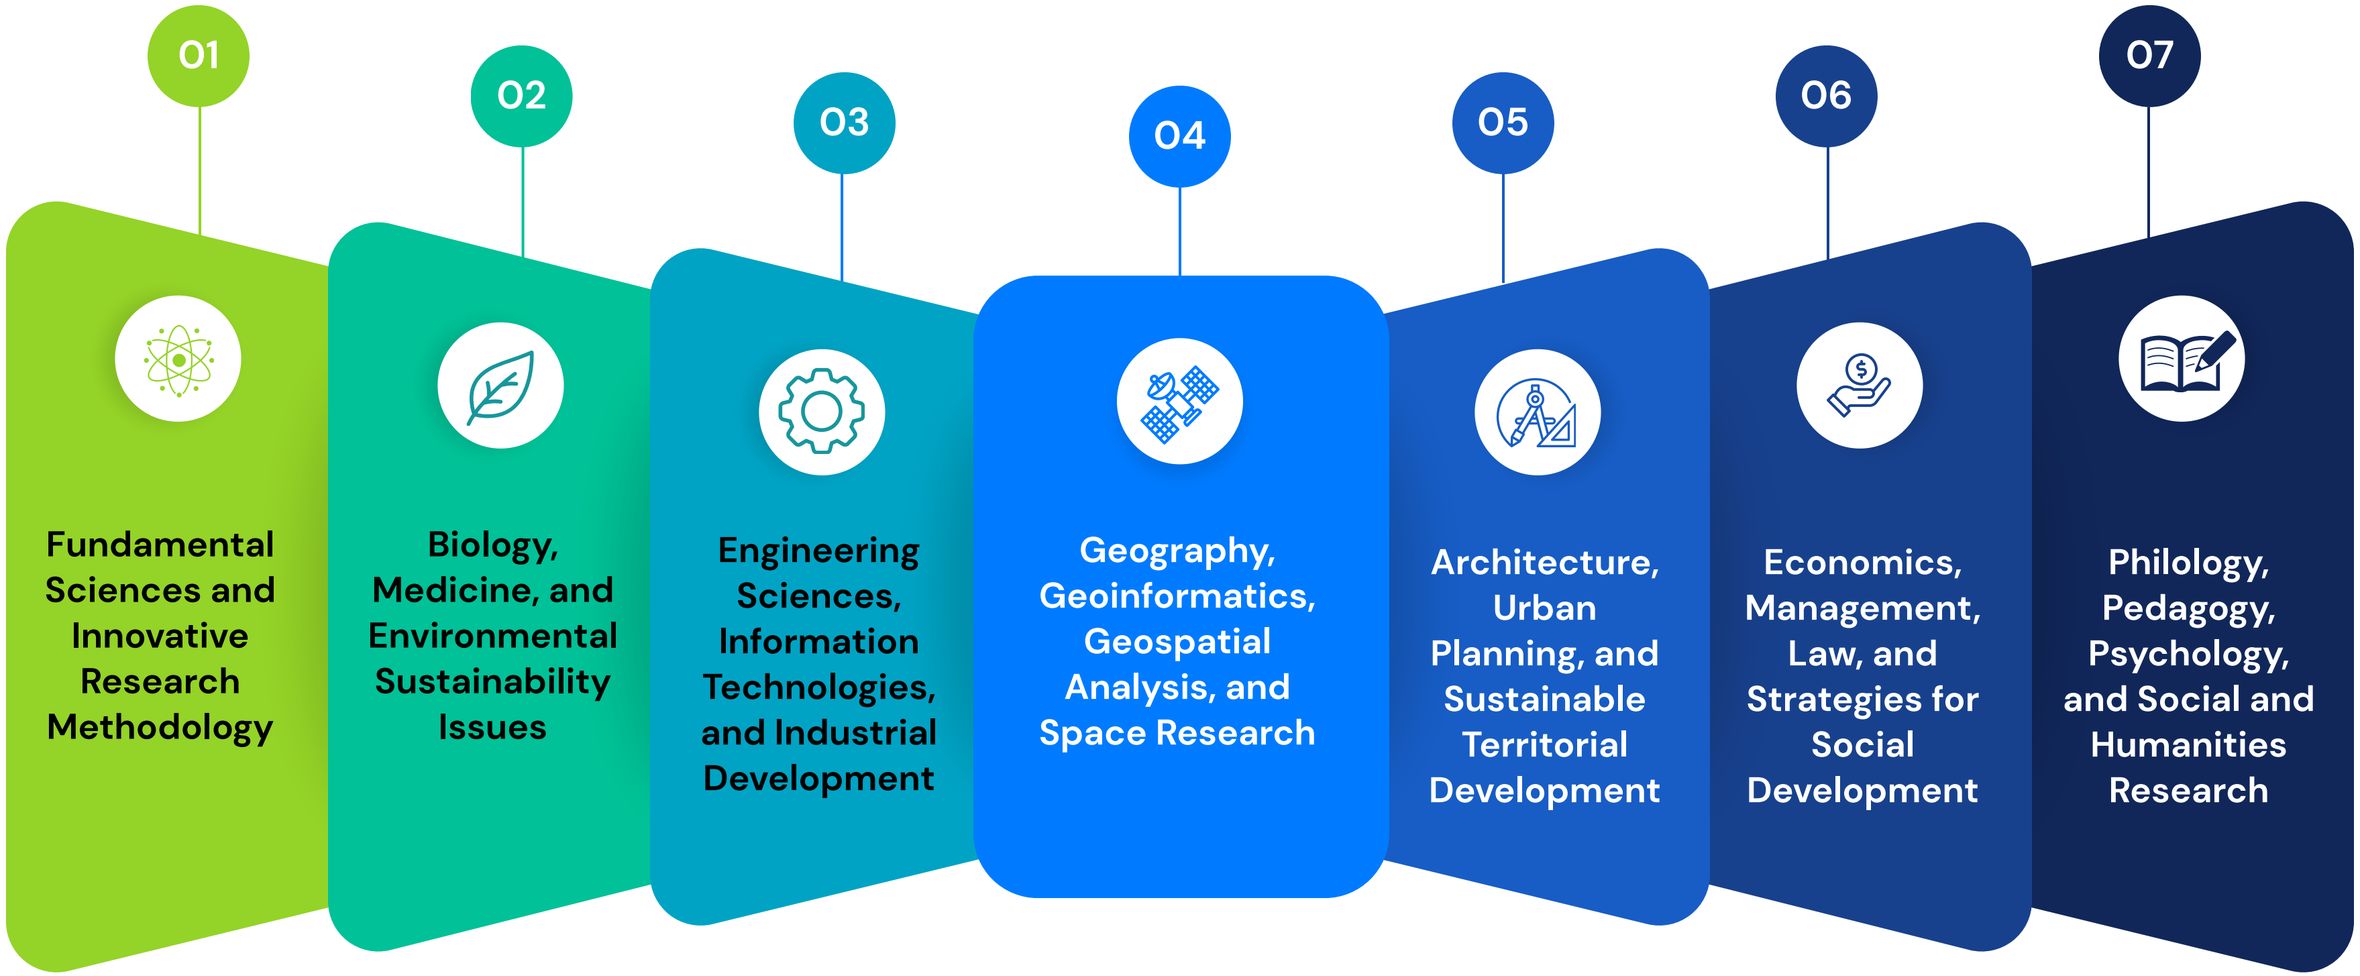
The conference is aimed at discussing innovative scientific research, the implementation of modern technologies into practice, interdisciplinary integration, and issues of sustainable development. Within the framework of the event, contemporary scientific studies conducted by leading scholars and young researchers will be presented, and prospects for new scientific cooperation will be discussed.

The conference will be organized without oral presentations and will be held only in the form of a scientific paper proceedings collection.

Conference Objective

The main objective of this conference is to scientifically analyze the interconnection between innovative scientific development and sustainable development, to summarize the results of modern research, and to discuss the prospects for developing practical solutions based on theoretical approaches and implementing them in practice. It also aims to promote the development of new scientific ideas and solutions through interdisciplinary integration and to strengthen international scientific cooperation.
In addition, the conference is focused on supporting young researchers, promoting promising scientific ideas and innovative projects, facilitating the exchange of experience among different scientific schools, and widely disseminating scientific and technological initiatives that contribute to the sustainable development of society.

Konferensiya ilmiy yo’nalishlari



Requirements for Article Formatting

- Articles are accepted in Uzbek, Russian, English, Kazakh, Kyrgyz and Turkish. The length of the article must be no less than 5 pages.
- The edited article, indicating the name of the relevant section, must be formatted on A4 size pages with 1.5 line spacing, margins of 2.5 cm (top and bottom), 3 cm (left), and 1.5 cm (right) and submitted in electronic form.
- The text must not be pre-paginated and its electronic version should be prepared in Microsoft Word, using Times New Roman, 14 pt font.
- The title of the article should be written in capital letters; after one line, the next line should indicate the author(s)' full name and institutional affiliation, as well as the e-mail address of the corresponding author. A list of references must be provided at the end of the article (GOST citation style). The author(s) bear full responsibility for the accuracy and reliability of the information presented in the article.
- The file name must include the author's surname and institution (for example: R.Toshmamatov NUU if the author is from the National University of Uzbekistan).
- The abstract and keywords must be provided in Uzbek, Russian and English.

Conference materials will be published electronically on the **Academic Research Publisher** website and on the **Academic Science Publishing** Telegram channel. Certificates with QR codes will be sent to the authors of the articles on **March 15, 2026**. Within the framework of the conference, a fee of **70,000 UZS** has been established for services related to the inclusion of articles and abstracts in the electronic proceedings, editorial and technical preparation, and the issuance of QR-coded certificates for authors. **1%** of this fee will be directed to charitable purposes within the conference's social responsibility initiative, aimed at supporting the treatment, rehabilitation, and health improvement of children suffering from hematological and oncological diseases, as well as children born with congenital heart defects.

Deadline for submission of materials: until March 12, 2026

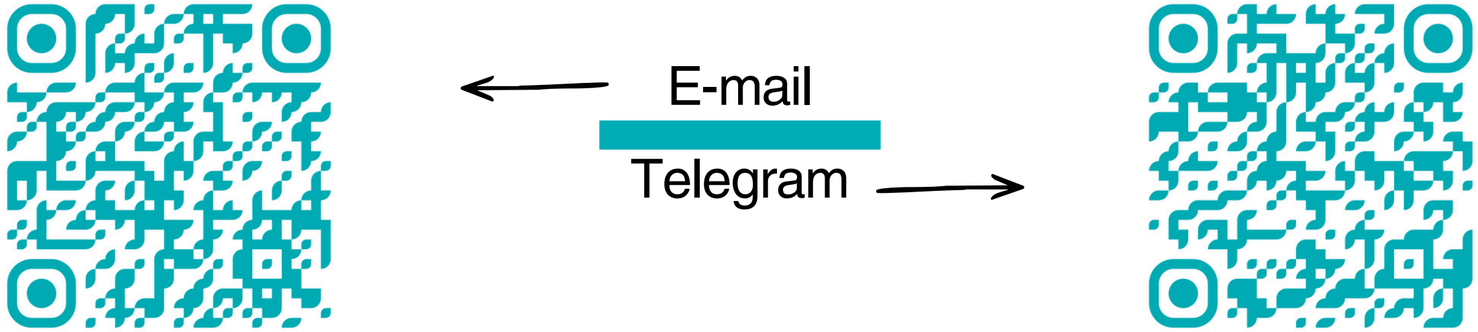
Conference date: March 13, 2026

The conference will not be held in a traditional format and will be organized only in the form of a scientific proceedings collection. All articles will be published in an official conference volume.

Information regarding the acceptance of articles will be communicated to the authors within one working day.

Articles may be submitted to the email address **academicsciencepublishing@gmail.com**, as well as through the following Telegram contact:

https://t.me/academic_sciense_publishing



The Organizing Committee reserves the right not to publish materials that do not correspond to the conference themes or do not meet the above-mentioned requirements.

ANALYSIS OF SLOPE STEEPNESS AND RELIEF ASPECT IN THE BERUNI DISTRICT BASED ON GIS TECHNOLOGIES

Kengesova Zumrad Asilbek qizi
National University of Uzbekistan
E-mail: zumradkengesova@gmail.com

Abstract. Terrain morphometric parameters play an important role in controlling natural processes and land-use suitability.....
Keywords: slope, aspect, terrain analysis, GIS, Beruniy District.....
Аннотация. В статье проведён анализ основных морфометрических показателей рельефа Берунийского района ….
Ключевые слова: уклон, экспозиция, анализ рельефа, …..
Annotatsiya. Mazkur maqolada Beruniy tumani relyefining asosiy morfometrik ko‘rsatkichlari bo‘lgan nishablik .....
Kalit so‘zlar: nishablik, ekspozitsiya, relyef tahlili, GIS, Beruniy tumani.....

Introduction. The Beruni District, located in the lower reaches of the Amu Darya River, is characterized by specific natural and geographical conditions …

Main Body. The study is based on a digital elevation model (DEM) of the Beruni District. During the research, geographic information system (GIS) technologies were applied …
