ACADEMIC RESEARCH PUBLISHER

INTERNATIONAL SCIENTIFIC AND PRACTICAL CONFERENCE

SCIENCE AND DEVELOPMENT IN THE MODERN WORLD:

INTERDISCIPLINARY RESEARCH, INNOVATIVE APPROACHES AND FUTURE STRATEGIES

DATE	ACADEMIC VENUE	FORMAT
AUGUST 22, 2026	TASHKENT - LONDON	ONLINE • DIGITAL PROCEEDINGS

PARTNER ORGANIZATIONS AND MEDIA PARTNERS

One percent of conference proceeds will be allocated to charitable initiatives.

INVITATION

Dear Members of the Academic Community!

For faculty members, researchers, doctoral candidates, independent scholars, master's students, undergraduate students and professionals

ACADEMIC RESEARCH PUBLISHER invites you to participate in the International Scientific and Practical Conference entitled **“Science and Development in the Modern World: Interdisciplinary Research, Innovative Approaches and Future Strategies”**, to be held on August 22, 2026.

The conference is designed to bring together priority areas of contemporary science within a single platform, strengthen scholarly dialogue across disciplines, and promote innovative methodologies and practical solutions.

The event will be conducted as an online, publication-based conference without traditional sessions or scheduled oral presentations. Accepted full papers and extended abstracts will be compiled in digital conference proceedings, enabling participants to present their findings to the wider academic community, exchange research experience, and establish new professional collaborations.

KEY INFORMATION

- Conference date: August 22, 2026
- Submission deadline: August 21, 2026
- Publication dates: August 25-26, 2026
- Languages: Uzbek, Russian and English
- Format: online; digital conference proceedings
- Academic venue: Tashkent - London

Participation fee

70,000 UZS | 5.86 USD | 490 RUB

CONFERENCE CONCEPT

Goal and Objectives

An international platform integrating interdisciplinary cooperation, innovation and practical research outcomes

GOAL

The principal goal of the conference is to examine the relationship between science and development in the modern world, discuss research from diverse fields within a unified interdisciplinary framework, and contribute to the formulation of innovative approaches and future-oriented strategies.

The conference also seeks to strengthen scholarly connections among fundamental knowledge, technological renewal, human capital, sustainable development and social progress.

OBJECTIVES

- discuss current challenges and promising directions in contemporary science;
- advance interdisciplinary integration and innovative research methodologies;
- identify opportunities to translate research findings into practice;
- support the scholarly engagement of early-career scientists and researchers;
- expand national and international academic cooperation;
- promote evidence-based recommendations and strategies for future development.

GUIDING PRINCIPLES

INTERDISCIPLINARY DIALOGUE	RESEARCH INTEGRITY	PRACTICAL RELEVANCE	INTERNATIONAL COOPERATION

SCIENTIFIC FIELDS

Conference Sections

Full papers and extended abstracts are accepted under the following eight interdisciplinary sections

01
Fundamental, Natural and Exact Sciences: Modern Discoveries and Interdisciplinary Research

02
Engineering, Technology, Energy and Digital Technologies: Artificial Intelligence and Innovations of the Future

03
Geography, Geology, Ecology and Earth Sciences: Climate Change and Sustainable Territorial Development

04
Agriculture, Veterinary Medicine, Water Management and Food Security: Innovative and Resource-Efficient Solutions

05
Medicine, Pharmacy, Biotechnology and Public Health: Modern Diagnostics, Prevention and Treatment Technologies

06
Economics, Finance, Management, Law, Tourism and International Relations: Strategies for Sustainable Development

07
Education, Pedagogy, Psychology, Philology and Physical Education: Human Capital and Digital Transformation

08
Social Sciences and Humanities, History, Philosophy, Sociology, Culture and Art: Contemporary Trends in Social Development

Note: Interdisciplinary submissions will be assigned to the section most closely aligned with their subject matter.

FOR AUTHORS

Manuscript Preparation Requirements

Submissions must meet the academic and technical requirements and be provided as carefully edited Microsoft Word files

TECHNICAL PARAMETERS

- Languages: Uzbek, Russian and English.
- Length: full paper - at least 5 pages; extended abstract - 3-5 pages.
- Page: A4 format; pages must not be numbered.
- Font: Times New Roman, 14 pt.
- Line spacing: 1.5; first-line indent: 1.25 cm.
- Margins: 2.5 cm top and bottom; 3 cm left; 1.5 cm right.
- File format: Microsoft Word (.doc or .docx).

CONTENT STRUCTURE

- The title must be written in uppercase, centered and bold.
- Provide the author's full name, affiliation, position and e-mail address.
- The abstract and keywords must be provided in Uzbek, Russian and English.
- The main text should include Introduction, Methodology, Results and Discussion, and Conclusion.
- The reference list must be formatted in accordance with GOST standards.
- Name the file using the author's surname and institutional abbreviation; for example: A.Karimov_NUUz.docx.
- The submission must be original, previously unpublished, and compliant with academic ethics.

Authors bear personal responsibility for the accuracy and scientific originality of the submitted content, the correct use of citations, and compliance with copyright requirements.

PUBLICATION PROCESS

Key Dates, Participation Fee and Social Responsibility

Accepted submissions will undergo editorial and technical preparation before publication in the digital conference proceedings

AUGUST 21
Final deadline for full papers and extended abstracts

AUGUST 22
Date of the International Scientific and Practical Conference

AUGUST 25-26
Publication of digital proceedings and certificates

PUBLICATION AND PARTICIPANT BENEFITS

- editorial and technical screening of the submission;
- inclusion of the full paper or extended abstract in the official digital proceedings;
- publication of the proceedings at academscience.com;
- a QR-coded electronic certificate for the author;
- notification of the review outcome within one business day.

PARTICIPATION FEE

70,000 UZS

5.86 USD | 490 RUB

The fee covers inclusion in the digital proceedings, editorial and technical preparation, and issuance of a QR-coded certificate.

1% FOR CHARITY

One percent of conference proceeds will support social and charitable initiatives.

MANUSCRIPT SUBMISSION

Submission Channels and Procedure

Submit the Word file together with the participant's registration details and, after approval, proof of payment

TELEGRAM	E-MAIL	OFFICIAL WEBSITE
@uniscience_2	unisciense@gmail.com	academscience.com

SUBMISSION STEPS

1. Prepare the full paper or extended abstract in accordance with the requirements.
2. Attach the Microsoft Word file and the completed participant registration form.
3. Send the submission via Telegram or e-mail.
4. After editorial confirmation, pay the participation fee and send a copy of the receipt.

IMPORTANT NOTE

The author will be notified within one business day whether the submission has been accepted or requires revision.

Final submission deadline: August 21, 2026.

In the accompanying message, please state the author's full name, the selected conference section and a contact telephone number.

FORMATTING SAMPLE

Recommended Paper Structure

The template below is advisory and may be adapted to the specific academic characteristics of the submission

ASSESSING REGIONAL DEVELOPMENT PROCESSES THROUGH DIGITAL TECHNOLOGIES

Author's Full Name
Institution, position or level of study
e-mail: author@example.com

Annotatsiya (Uzbek). State the purpose, methods, principal findings, and scientific or practical significance of the study in 80-150 words in Uzbek.
Kalit so'zlar (Uzbek): 5-10 core concepts and terms in Uzbek.
Аннотация (Russian). Provide a concise summary of the study in Russian.
Ключевые слова (Russian): 5-10 core concepts and terms in Russian.
Abstract (English). Provide a concise statement of the purpose, methods, findings, and scientific or practical significance of the study.
Keywords (English): 5-10 core concepts and terms in English.

INTRODUCTION Relevance of the topic, current state of the problem, and the aim and objectives of the study.	**METHODOLOGY** Research object, data sources, and the methods and tools applied.
RESULTS AND DISCUSSION Findings, analysis, comparison and scholarly interpretation.	**CONCLUSION** Principal conclusions, practical recommendations and directions for further research.

REFERENCES

1. Author's surname, initials. Title. - Place of publication: Publisher, year. - Pages. 2. Online source: URL (date accessed).

PARTICIPANT REGISTRATION

Registration Form

Please complete this form and submit it with the full paper or extended abstract by August 21, 2026
