INTERNATIONAL SCIENTIFIC AND PRACTICAL CONFERENCE

INFORMATION LETTER

SCIENCE AND INNOVATION IN AN ERA OF GLOBAL CHANGE: INTERDISCIPLINARY COOPERATION AND SUSTAINABLE DEVELOPMENT

Tashkent - London | Electronic proceedings

CONFERENCE

17 October 2026

SUBMISSION DEADLINE

16 October 2026

PUBLICATION OF PROCEEDINGS

20 October 2026

Invitation to scientific cooperation

Dear members of the scientific community!

ACADEMIC SCIENCE PUBLISHING invites university faculty members, scientific researchers, doctoral students, independent researchers, master’s students, young scholars, students and specialists from various fields to participate in the international scientific and practical conference to be held on 17 October 2026.

The conference aims to disseminate the results of fundamental and applied research in the context of global change, present innovative ideas and developments, promote cooperation between different disciplines and discuss scientific solutions that contribute to sustainable development.

Participation format

The conference is organised as an electronic collection of scientific articles and abstracts, without scheduled presentations.

Participants

- University faculty and research staff
- Doctoral students and independent researchers
- Master’s students and young scholars
- Students and specialists

Publication and certificate

Electronic proceedings and an electronic certificate with a QR code.

Materials will be posted on **academscience.com** and indexed in **Google Scholar, Zenodo and OpenAIRE**.

Aim and objectives

Main aim

To examine pressing issues related to global change by combining the capabilities of different disciplines, share the results of fundamental and applied research with the scientific community, disseminate innovations and strengthen international scientific cooperation for sustainable development.

Interdisciplinary cooperation

Research • Innovation • Sustainable development

01 To examine scientifically the impact of global change on natural, technological, economic and social processes.

02 To disseminate new findings from fundamental and applied research and share advanced practices.

03 To develop interdisciplinary research and scientific cooperation between domestic and international researchers.

04 To consider opportunities for implementing innovative developments in practice and using resources efficiently.

05 To support the scientific activities of young scholars and researchers and bring together scientific proposals for sustainable development.

Conference sections

01 **Fundamental, natural and exact sciences**: contemporary research, scientific discoveries and interdisciplinary approaches.

02 **Engineering, energy and industrial technologies**: innovative solutions, energy efficiency and sustainable production.

03 **Information technology, artificial intelligence and cybersecurity**: digital transformation and societal development.

04 **Geography, geology, ecology and climate change**: rational use of natural resources and regional sustainability.

05 **Agriculture, veterinary science and biotechnology**: food security and innovative agricultural technologies.

06 **Medicine, pharmacy, biology and public health**: modern diagnostics, treatment and prevention.

07 **Economics, management, finance, law and tourism**: sustainable development strategies in the context of global change.

08 **Education, pedagogy and psychology**: education quality, inclusion and innovative teaching technologies.

09 **Philology, linguistics, literature, translation studies and media**: language and intercultural communication in the digital age.

10 **History, philosophy, sociology, political science, culture and the arts**: global change and social development.

Article and abstract requirements

Article

at least 5 pages

Abstract

at least 2 pages

Accepted languages

Uzbek, Russian, English, Kazakh, Kyrgyz and Turkish.

Abstracts and keywords must be provided in **Uzbek, Russian and English**.

A4 format and margins

Top/bottom: 2.5 cm; left: 3 cm; right: 1.5 cm. Line spacing: 1.5.

Word format and font

Times New Roman, 14-point font. The text must be edited and must not contain page numbers.

Title and authors

Use capital letters for the title. After one blank line, give the authors’ full names, organisation and corresponding author’s e-mail. Indicate the section title.

References and file name

Use GOST style for references. Name the file using the author’s surname and organisation: R.Toshmamatov_O‘zMU.docx.

Authors’ responsibility

Authors are fully responsible for the accuracy and reliability of the information presented.

Dates and participation fee

16 OCTOBER 2026
SUBMISSION DEADLINE

17 OCTOBER 2026
CONFERENCE DATE

20 OCTOBER 2026
PUBLICATION OF PROCEEDINGS

For articles and abstracts

100 000 UZS

8.46 USD

The fee covers inclusion of an article or abstract in the electronic collection, editorial and technical preparation, and issuance of an electronic certificate with a QR code.

1%

Social responsibility

One per cent of the conference revenue will be allocated to supporting low-income families and funding treatment for children with oncological and haematological diseases.

Submission of materials

Send your article or abstract file and completed registration form to one of the following contacts.

Authors will be notified of the acceptance of their submissions within 1 working day. The organising committee reserves the right not to publish submissions that do not correspond to the conference topics or do not meet the formatting requirements.

Article structure

TITLE OF THE ARTICLE OR ABSTRACT

Author’s surname, given name and patronymic
Name of organisation
e-mail: author’s e-mail address

Annotatsiya. Tadqiqotning maqsadi, usullari, asosiy natijalari va ilmiy-amaliy ahamiyati qisqacha bayon qilinadi.

Kalit so‘zlar: mavzuni ifodalovchi asosiy tushunchalar.

Аннотация. Кратко излагаются цель, методы, основные результаты и научно-практическая значимость исследования.

Ключевые слова: основные понятия, отражающие тему исследования.

Abstract. The purpose, methods, main results, and scientific and practical significance of the research are briefly stated.

Keywords: key concepts describing the research topic.

Introduction

Relevance, aim and objectives.

Main body

Methods, results and discussion.

Conclusion

Main scientific conclusions and practical recommendations.

References: a list of bibliographic entries in GOST style.

Registration form

Complete the form and send it to the organising committee together with your article or abstract.

Full surname, given name and patronymic

Phone number

Date of birth

E-mail address

Place of work or study

Title of article or abstract

Position

Section number and title

Academic degree and title

Date

Submission deadline: 16 October 2026.
