INTERNATIONAL SCIENTIFIC AND PRACTICAL CONFERENCE

Scientific foundations of modern development:

current challenges and interdisciplinary solutions

21 November 2026

SUBMISSION DEADLINE

20 November, 23:59

PROCEEDINGS PUBLICATION

23-24 November 2026

Invitation to participate

Dear professors, lecturers, scientists, researchers, doctoral candidates, independent researchers, master's students and undergraduate students!

ACADEMIC SCIENCE PUBLISHING invites you to participate in the international scientific and practical conference "Scientific Foundations of Modern Development: Current Challenges and Interdisciplinary Solutions", to be held on 21 November 2026.

The conference welcomes articles and conference abstracts that explore the scientific foundations of modern development, analyse current challenges and propose interdisciplinary solutions. Submissions should be assigned to the section corresponding to their research topic and content.

PARTICIPATION FORMAT

Online participation. The conference is organised through the publication of an electronic collection of articles and conference abstracts, without scheduled oral presentations.

Purpose and objectives

PURPOSE

To consolidate fundamental and applied research findings, integrate scientific approaches to current challenges in modern development and disseminate research focused on practical solutions.

OBJECTIVES

01 Strengthen the links between fundamental and applied sciences.

02 Highlight opportunities to apply scientific findings in practice.

03 Present research based on digital, geospatial and engineering approaches.

04 Support the research activities of young scientists and researchers.

05 Promote international exchange of scientific experience and cooperation.

Conference sections

01-03. Sections and relevant disciplines

01 Fundamental research and scientific modelling: theoretical foundations of modern development

Relevant disciplines: Mathematics, physics, chemistry, biology, geology and applied mathematics.

02 Technological renewal and production efficiency: digital and engineering solutions

Relevant disciplines: Information technology, artificial intelligence, cybersecurity, robotics, energy, transport and industrial engineering.

03 Human capital and quality of education: knowledge, professional competencies and personal development

Relevant disciplines: Pedagogy, psychology, preschool and primary education, special education, vocational education and teaching methods.

Conference sections

04-06. Sections and relevant disciplines

04 Geographical and astronomical research: understanding, observing and forecasting natural processes

Relevant disciplines: Physical and socio-economic geography, astronomy, astrophysics, cartography, geoinformatics, remote sensing and hydrometeorology.

05 Economic stability and public wellbeing: financial mechanisms, entrepreneurship and management

Relevant disciplines: Economics, finance, banking, accounting, management, marketing, tourism and international trade.

06 Health and quality of life: medical research, prevention and the scientific foundations of healthy living

Relevant disciplines: Medicine, pharmacy, biotechnology, dentistry, public health, rehabilitation, physical education and sport.

Conference sections

07-10. Sections and relevant disciplines

07 **Ecosystem stability and agricultural development: scientific foundations of natural resource use**

Relevant disciplines: Ecology, agronomy, soil science, water management, irrigation, animal husbandry, veterinary medicine and forestry.

08 **Social institutions and legal development: historical experience, social relations and governance**

Relevant disciplines: History, archaeology, philosophy, sociology, political science, law, public administration and international relations.

09 **Language, literature and the information space: intercultural relations and communication challenges**

Relevant disciplines: Linguistics, literary studies, translation studies, folklore studies, journalism and mass communication.

10 **Cultural heritage and creative development: scientific approaches to art, architecture and design**

Relevant disciplines: Cultural studies, art history, musicology, fine and applied arts, theatre, cinema, architecture and design.

Requirements for articles and conference abstracts

Submissions are accepted electronically in Microsoft Word format

ACCEPTED LANGUAGES

Uzbek, Russian, English, Kazakh, Kyrgyz and Turkish.

LENGTH

Articles: at least 5 pages. Conference abstracts: at least 2 pages.

PAGE AND FILE FORMAT

A4. Microsoft Word (.doc or .docx). Do not number the pages.

FONT AND LINE SPACING

Times New Roman, 14 pt. Line spacing: 1.5.

PAGE MARGINS

Top and bottom: 2.5 cm. Left: 3 cm. Right: 1.5 cm.

TITLE AND AUTHOR DETAILS

The article title must be in uppercase. Include the author's full name, affiliation and email address for correspondence.

ABSTRACTS AND REFERENCES

Provide abstracts and keywords in Uzbek, Russian and English. References must follow the GOST style.

FILE NAME AND RESPONSIBILITY

Name the file using the author's surname and institution. Authors are responsible for the accuracy and reliability of the information provided.

Publication, fee and social initiative

100 000 UZS

8.4 USD

Fee for articles and conference abstracts

PUBLICATION DATES

The conference proceedings will be published electronically on 23-24 November 2026. Participants will receive electronic certificates with QR codes.

ONLINE PUBLICATION AND INDEXING

The proceedings will be available at academscience.com. Materials will be indexed in Google Scholar, Zenodo and OpenAIRE.

1% OF REVENUE FOR CHARITY

One per cent of conference revenue will support low-income families and the treatment of children with oncological and haematological diseases.

Submissions and contact details

Submit your article or conference abstract together with the registration form

Submission deadline: 20 November 2026, 23:59 (Tashkent time).

The acceptance decision will be communicated within 1 working day.

Manuscript formatting template

Complete the following structure with information from your own research

ARTICLE TITLE IN UPPERCASE

Author's surname, first name and patronymic
Institution, position or level of study
Email address for correspondence

Abstract (Uzbek).
Briefly state the research problem, purpose, method and principal finding.

Keywords (Uzbek).
List the key concepts that represent the content of the article.

Abstract and keywords (Russian).
Provide the Russian-language versions of the abstract and keywords.

Abstract and keywords (English).
Provide the English-language versions of the abstract and keywords.

MAIN TEXT STRUCTURE

Introduction. Main body. Results and discussion. Conclusion. References.

Participant registration form

Complete the form and submit it with your manuscript by 20 November 2026, 23:59.
